- Please note that activation with eID is only possible for holders of a Belgian eID or an E(+) card. If you do not have a Belgian eID or an E(+) card, the activation of your Isabel SmartCard has to be done with a temporary pin code that you will receive by post. If you do not know the PIN code of your identity card, you can also contact your town hall to request a new code.

- The indicated delivery time corresponds to the standard delivery time for Belgium. For deliveries abroad this can take a few days longer.
